About Our Event:

Brief description:

On the occasion of Engineer's Day, CSI DBIT hosted an event. This event included an informative talk, interviews, the distribution of certificates, project exhibitions, fun quiz and drama at the end.

Category: Non-Technical

Number of participants who participated: SE IT and TE IT

Reasons why we chose this event:

The event was organized to celebrate the Engineer's Day for the great work of engineers and to encourage the students to learn, innovate and implement.

Registration fee: Free

How was it conducted?

The event began at 11 am by explaining the importance of engineers by our host Sherine Sam followed by with a speech given by Fr Reverend Mario Vaz and our Principal Dr. Prasanna Nambiar. Host Sherine Sam, Vendra, and Suhani Desale were present for the day. After that, the CSI members launched the apps. The first app, "DBIT App," created by Tushar Padhy, Om Jannu, and Jasmit Rathod, was launched by Fr. Mario. The second app, "Research and Portal," developed by Suhani Desale, Saanvi Naik, and Sanika Surve, was launched by Principal Ma'am. The third app, called "CSI App," created by Vendra, Simar Kaur, and Ravi Pandey, was launched by Prof. Prasad Padhalkar.

Following the app launch, the Smart India Hackathon and Github Workshop certificate distribution took place, and a fun interactive quiz was conducted. Later, Saanvi Naik and Tushar Padhy conducted an interview with the SIH team "Node controllers" from DBIT which included the members Rhea, Likla, Shubham, Manish, Alston and Aniket and had qualified for the Grand Finale of SIH 2022. The team talked about their hackathon experience and shared some tips. Following that, Mr. Pratik Nerurkar, a former DBIT student who is now a script

writer, was interviewed by Om Jannu and Simar Kaur. He discussed his shift from engineering to script writing, as well as his experience with DBIT and SIH. The token of appreciation was given to the guest by the Principal Ma'am. Finally, Domain Club, the Math Club of DBIT, presented a drama based on mathematical concepts.

Volunteers: 2

Time commitment: 4 ½ hrs
